

## MXF CVBP-602 | MX FUEL™ backpack concrete vibrator

- The MX FUEL™ Backpack Concrete Vibrator is the ideal solution when working on larger areas, delivering AC like performance without the hassle of laying cables or having the need for a AC socket on the jobsite
- It has the power to push up to 63 mm head at over 11,200 VPM for optimal consolidation, even in the stiffest concrete
- The push-button start delivers instant power, eliminating the repetitive motions of a pull start and reducing downtime, allowing you to get jobs done faster without sacrificing the power and run time you expect
- The modular design makes it easy to remove the backpack harness for walls and columns
- Modular design - with just one click from backpack to briefcase
