

Step Ladder 44P

The perfect choice for anyone who wants a lighter ladder for professional use. The 44P ladder fits service technicians, electricians and other professionals who often need to move around with the ladder. Innovative fastening technology with FDS screws provides a stable structure with a really long service life. Approved as "Bra Arbetsmiljöval" a good choice for safe work, up to five steps.

- A platform (300 x 260 mm) in glass fiber reinforced polymer with a bidirectional anti slip pattern and a design that allows it to close quietly.
- Ergonomic step fronts to lean shins against and grip friendly profiles make the ladder both easy to carry and comfortable to work on.
- Weight optimized shelf and platform as well as slim aluminium profiles make the ladder light and easy to handle.
- Steel braces for safer use.
- The aluminium profiles are anodized to prevent staining of your hands and clothes.

Step Ladder 44P

STOCK CODE	H	NUMBER OF STEPS	WEIGHT	H1	B	D
