

**PROF**

Step Stool 55TP

Sturdy and safe working step that can withstand considerable stress and daily use. Equipped with deep and comfortable steps and a practical top plate. Ideal for use in narrow spaces.

- The sturdy aluminium profile provides rigidity but without making the the working step heavy.
- The top plate measures 300 x 333 mm and it has an integrated handle for improved portability.
- Two sturdy side-stays lock the steps in place when folded out, making it especially stable.
- The steps are 80 mm deep and grooved to provide good anti-slip protection.
- The top plate has plastic end-protectors which prevent e.g. cables from becoming caught in the hinge.
