

360° Green Line Laser

RB360GLL

- Green laser technology improves visibility of the laser lines by up to 4 times
- The 360° Green Line Laser enables work in large rooms projecting a horizontal laser line across all walls. Ideal to hang shelves or pictures on different walls at the same height
- Projects: 1 x vertical line, 1 x cross line and a 360° line
- The laser lines can be individually activated using the top button to suit any application
- Automatic self-levelling with intuitive LED to indicate when the laser is out of level
- Compact and friendly design with rubber over-mould for lasting durability
- Ease of use with one sliding switch ON and OFF

Article Number	5133005310
Battery type	Alkaline
Colour of laser line	Green
EAN Code	4892210201874
Laser classification	Class 2, < 1 mW
Laser projection	1x 360° Horizontal Line Laser 1 x Vertical Line Laser 1 x Cross Line
Laser wavelength [nm]	520nm± 10nm
No. of batteries supplied	4
Range (m)	25
Self levelling range [°]	4.0
Self levelling time [s]	2-4
Standard equipment	1 x RB360GLL, 1 x pouch and 4 x AA batteries

*Registration required for extension from 2-3 years. Please visit our site for full [T&C's](#)
