

## 360° Red Line Laser RB360RLL

# RYOBI®

- The 360° Red Line Laser enables work in large rooms projecting a horizontal laser line across all walls. Ideal to hang shelves or pictures on different walls at the same height
- Projects: 1 x vertical line, 1 x cross line and a 360° horizontal line
- The laser lines can be individually activated using the top button to suit any application
- Automatic self-levelling with intuitive LED to indicate when the laser is out of level
- Compact and friendly design with rubber overmold for lasting durability
- Ease of use with one sliding switch ON and OFF

Power	4 x 1.5V
Colour of laser line	Red
Range (m)	20
Article Number	5133005309
Battery type	Alkaline
EAN Code	4892210201867
