

# Infrared Thermometer

RBIRT08

- Enables quick measurement of surface temperature without touching the object
- Large measuring range from -50°C to 550°C
- Easily identify the measured area with the visible circular 8 laser dot projection
- Distance spot ratio 8:1. Which means at 8M distance you will measure 1M area
- Ease of use with one button operation
- Internal switch to choose from C° to F°
- Sound alarm will indicate when the thermometer gun starts to measure
- Maintain a continuous reading by keeping the trigger engaged

Article Number	5133004866
Battery type	Alkaline
EAN Code	4892210188465
Laser classification	Class 2, < 1 mW
Laser projection (°)	8 dots
Laser wavelength [nm]	650
No. of batteries supplied	1
Standard equipment	9V battery included
Storage Temperature Range [°C]	-10°C~ 60°C
Supplied in	Gift box
Voltage (V)	9V
Weight (kg)	0.1

\*Registration required for extension from 2-3 years. Please visit our site for full [T&C's](#)
